

Read for Free on Your Phone or Tablet 24/7 Courtesy of Your Local Public Library

As people increasingly read and listen to books on their smartphone or tablet, they are discovering one of the best resources is their local public library. Fox Valley residents can access a wide selection of popular digital ebooks, audiobooks, movies, music, and other electronic resources free from their local public library. With a library card, members of the community can borrow from the digital collection by visiting their library's website or downloading an app.

The most popular digital library, Wisconsin's Digital Library, can be accessed for free with a valid library card through your library's website or by downloading the Libby app. Patrons and staff alike enjoy using the Libby app.

“Libby makes it easy to take a book to read or listen to anywhere you go. Plus, if you enjoy listening to books, you can adjust the speed of the playback to finish a book faster. So many books, so little time.” – Kirk Moore-Nokes, Librarian, Elisha D. Smith Public Library

The Libby app seamlessly connects first-time users and experienced readers with Wisconsin's Digital Library, a collaboration of all of Wisconsin's public libraries. This joint collection offers ebooks and audiobooks including bestsellers and new releases in a variety of topics. Readers of all ages can select from virtually every subject ranging from mystery, romance, children's, business and more.

While Wisconsin's Digital Library is the largest digital library offered by Fox Valley public libraries, it is not the only digital library. RBDigital, Hoopla, Kanopy, and Tumblebooks are other popular digital libraries that specialize in a variety of digital content. Digital content on these platforms includes ebooks, audiobooks, movies, music, magazines, children's books, and more. Check your local library to see which digital libraries you can access.

To get started enjoying ebooks, audiobooks and more, visit your local library's website today to learn more about what they offer.
